Hi Linda,

I am not quite sure on the number of licenses we agreed at the DD meeting last Friday. Please let me know so, I can begin the cumbersome AF29 process.

Dina

Thanks Tracy,

Linda,

Is it possible to get a copy of the list so I can get a total to Ann? I would like to get any orders for supplies or small equipment (under \$5K) moving soon given that we are into November already and we need to have all items in house by December 31st.

Thanks

Linda has a list. I am copying her and Dina to answer the question about the licenses.

Hi Tracy,

Did you talk to Dina about the ELR licenses and were you able to put together a list of supplies you might like to purchase?

Thanks

Hi Ann,

Gary has heard from Sandy and she could use a refrigerator that is \$2,171.04 and lab supplies of \$6,111.01. On the lab supplies they could order more if you need them to. I have not heard anything from Tracy at this point. There are two standing orders that used to be charged to ELC but had to be moved because there were not enough funds. One is Viromed and is about \$500.00 a month and the other is Diagnostic Hybrid and is about \$1,100.00 a month. I would like to move these back to ELC for the balance of the year. If it is alright to use ELC funds for these items could you please let me know as soon as possible so I can get the orders started and have Debbie modify the two standing orders?

Thanks
